

# Create Your Own Love Spoon!

In Wales on January 25th we celebrate St Dwynwen's Day, the patron saint of love. It's traditional to give a carved wooden spoon as a gift, so why not create your own! You can design a pattern and colour it in or get creative with different bits and bobs, and do some gluing and sticking!

Here are a few things that you might normally find on a Love Spoon to get you started and what they mean, but you can decorate yours however you wish!

**Bell - Wedding and Anniversaries**

**Birds - Love birds**

**Diamonds - Wealth**

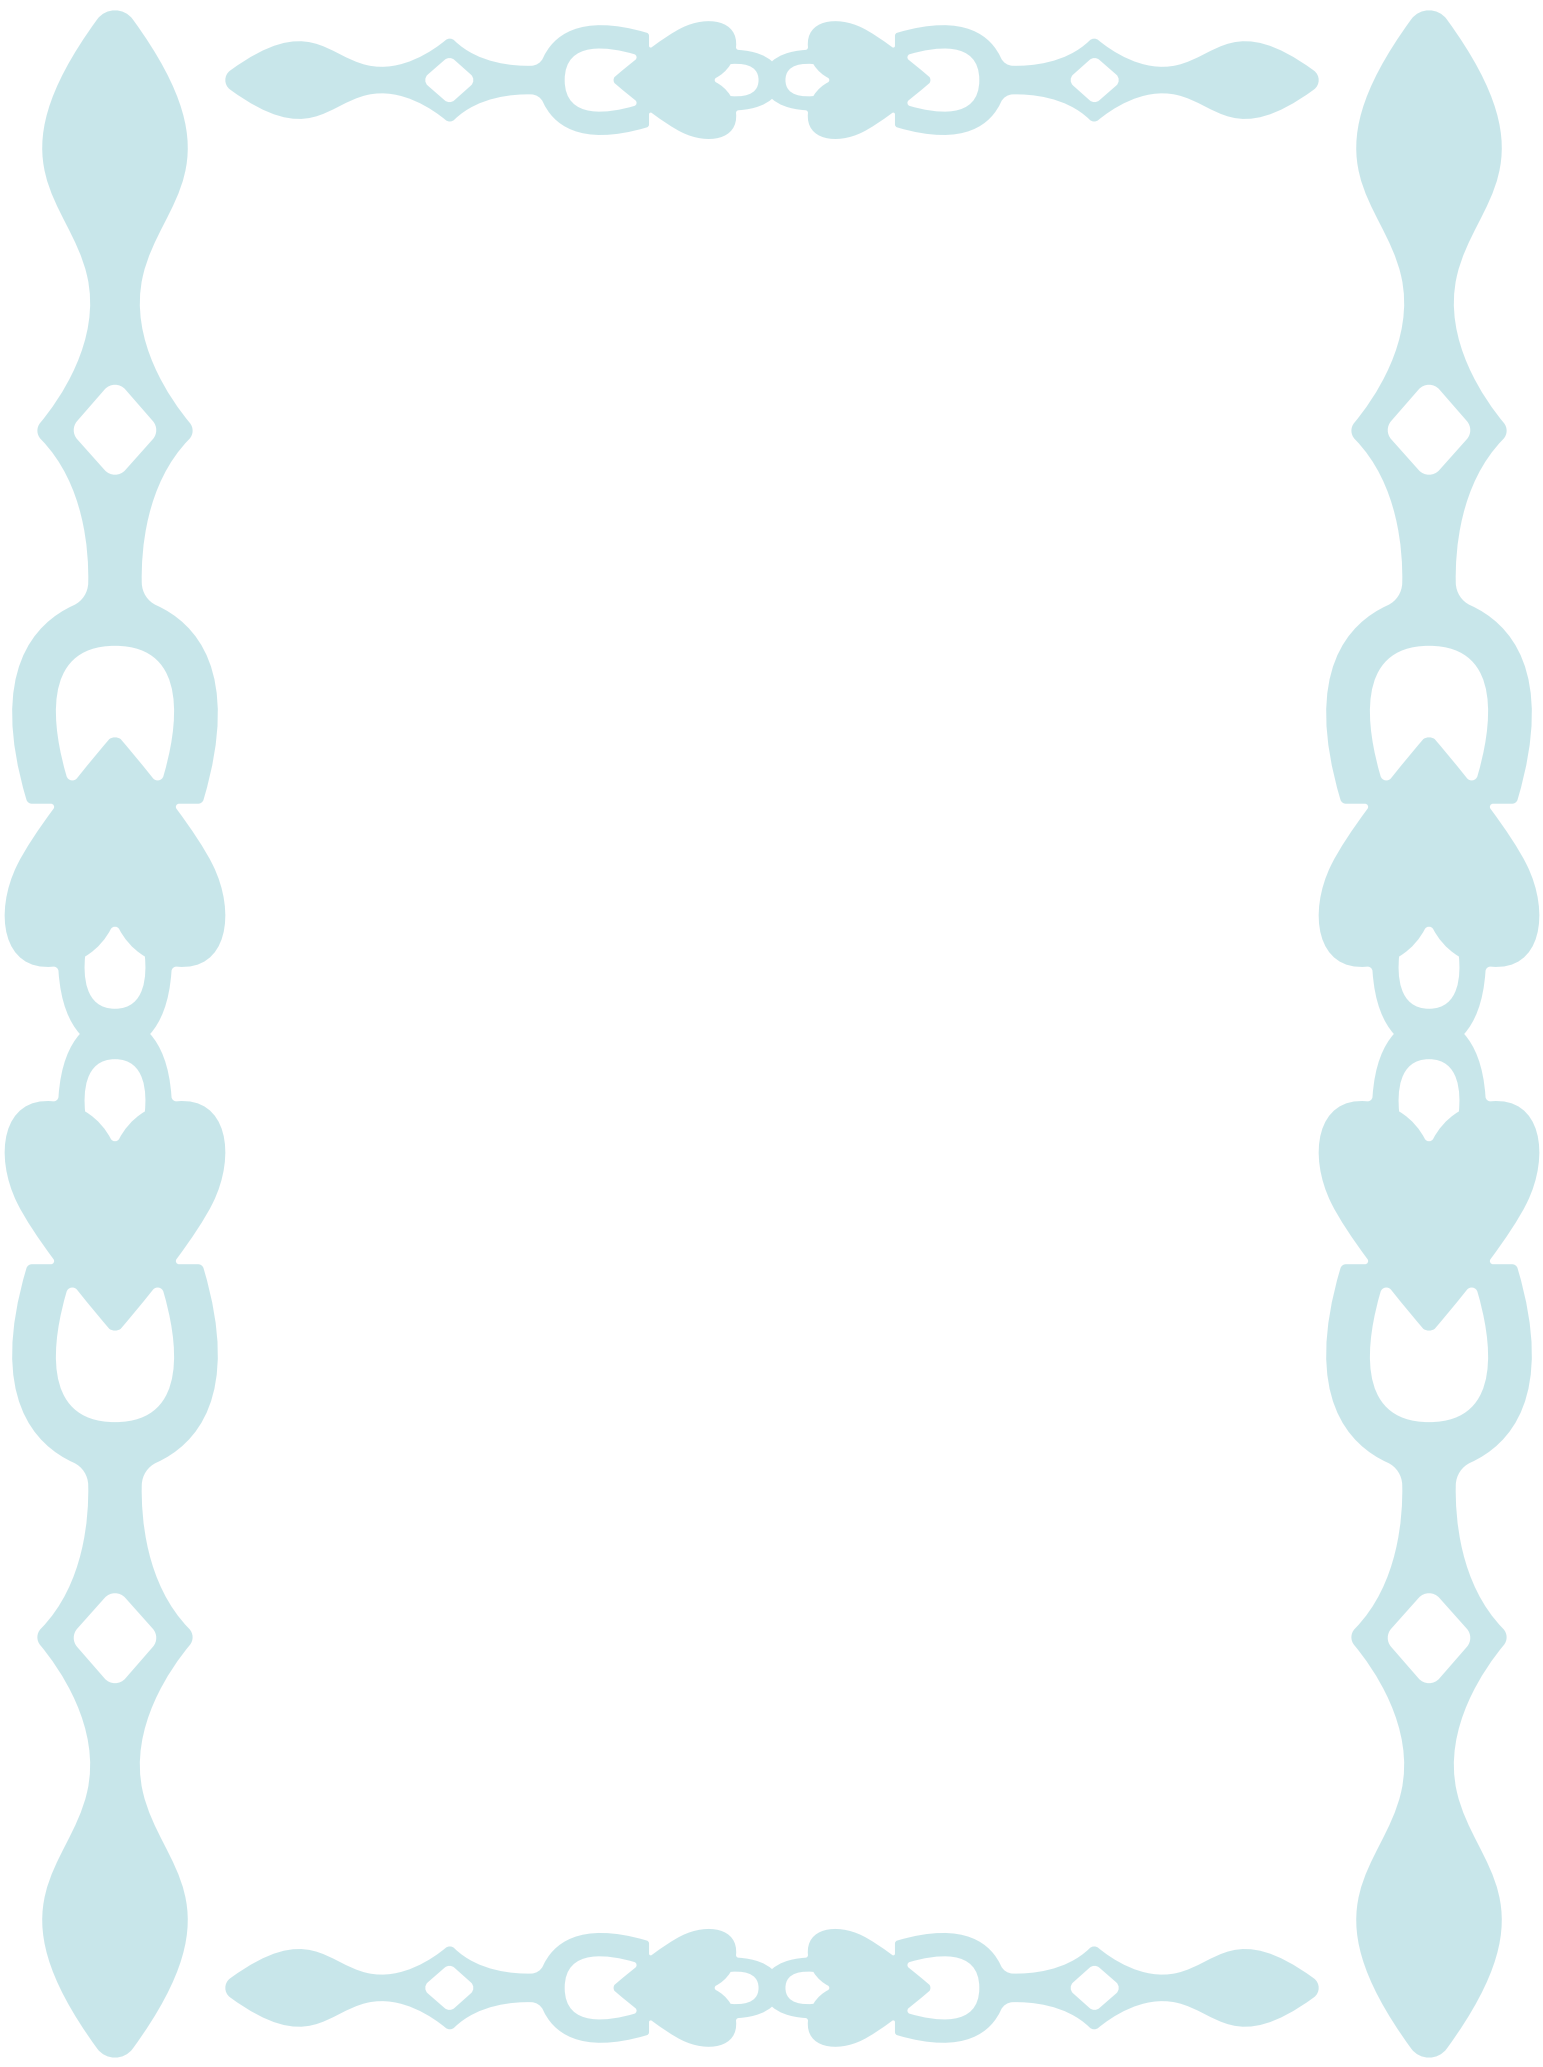

**Heart - Love**

**Horseshoe - Good Luck**

**Celtic Knot - Love that will last forever**

**Dragon - Protection**
