COVID GUEST CHARTER

Feel Safe, Stay Safe

"FEEL SAFE, STAY SAFE AT BLUESTONE"

Introduction

Bluestone is a place where loved ones reconnect; where people smile, laugh and enjoy endless free-range fun in natural open spaces.

We know that life has been very difficult over the past few months and our heart goes out to all of those who have been personally impacted by the effects of COVID-19 ("Coronavirus"). We appreciate that perhaps some of the things we had previously taken for granted have changed and it has been necessary for all of us to adapt to a new normal in many of the things that we do, in order to help prevent the spread of Coronavirus.

At Bluestone, we pride ourselves with being a responsible and attentive business; always looking and listening for ways to improve what we do and operating in a safe and secure way at all times. Although the current crisis is unlike anything we have dealt with before, we want to assure you that we have carefully reviewed and adapted many of our business operations and activities. We have implemented changes to help minimise the spread of Coronavirus at our resort as much as possible, whilst endeavouring to protect the Bluestone experience that you have grown to know and love.

This Charter is a commitment to you, our guests, that we will operate responsibly and in line with all available guidance and best practice to help minimise the risk of the spread of Coronavirus. We will do our utmost to make our resort as clean, safe and secure as possible through the introduction of precautions; such as new cleaning protocols, adjusting of some of our activities and product offerings, amending processes and updating staff training to promote social distancing.

We want you to feel confident and reassured that appropriate and reasonable measures have been put in place so that you can have a truly enjoyable holiday. Many of the adjustments will not be obvious, but what you will notice is:

- Introduction of social distancing and spacing standards.
- Increased cleaning and disinfecting.
- Additional signage and screening.
- Card only transactions across the resort.
- Staff wearing PPE where appropriate.

What you think really is important to us and we have conducted a number of guest surveys to ensure that we have addressed the things that matter most to you. We will continue to seek feedback on the measures we have implemented for your safety and comfort.

We are all in this together and therefore we also ask that you, our guests, make a commitment to us that you will also follow the guidance in this Charter to assist in minimising the risk of the spread of Coronavirus.

To protect the safety of yourselves, all guests and our staff on the resort, failure to comply with this Charter may require you and/or any member of your party to leave the resort immediately. No refunds or compensation will be given in these circumstances.

We look forward to seeing your smiles, hearing your laughter and giving you the freedom to explore our family-friendly resort so that you and your loved ones can make wonderful new memories to treasure.

Whilst we are committed to ensuring the health and safety of guests, staff and anyone visiting Bluestone, and are taking significant steps to minimise the risks of Coronavirus, unfortunately due to the community nature of the virus and its transmission we are unable to guarantee that all risks associated with it will be removed as a result of such steps.

This Charter is not intended to, nor does it create, any legally binding obligations on us but is intended to give you information only as to what we can both do together to help in minimising the spread of the Coronavirus.
